

An evolution to deliver the next generation of secure printing solutions for trusted credential issuance

Digital Printing Solution (DPS) announces new management team and relaunches as Digital Identity Solution Korea (DISK Global)

Today marks an important milestone in the development of DPS as it announces substantial new investment to drive the business forward. As part of this restructuring, a new management team has been appointed and the company has been renamed and rebranded as **DISK Global** (Digital Identity Solution Korea).

Kimberly Yang, Project Manager, commented:

"This relaunch is not only about a new brand but is about positioning the business for the future with a focus on quality, delivery, people and the environment. Alongside my talented new management team, I am excited to take the company forward with investment in new equipment, new processes and new products to deliver next generation secure identity solutions."

Ryan Lee, Head of Sales, commented:

"DISK Global is all about listening to our customers' needs and responding quickly with products of the highest quality that surpass their expectations. The new team will operate with the high standards of trust and integrity that are fundamental to success in the secure printing industry."

About DISK Global

Founded in 2008 as Digital Printing Solution, DPS is now rebranded as Digital Identity Solution Korea (DISK Global).

DISK Global is focused on the production of high-quality dye sublimation ribbons for secure ID card printer OEMs globally.

DISK Global produces ink ribbons for direct-to-card and retransfer printers that are deployed across a wide range of credential issuance markets including secure citizen IDs, student IDs, EMV-compliant debit/credit card issuance and corporate IDs.

Q&A

Q1. Will DISK Global continue to manufacture DPS products?

A. DISK Global will continue to manufacture and supply all existing DPS products to the market.

Q2. Will DISK Global develop new products?

A. DISK Global intends to strengthen the R&D team and introduce new products to the market.

Q3. Will the employees of DISK Global have new e-mail addresses?

A. Yes. All employees will have new e-mail addresses. They will look like this: **a.name@disk-global.com**

Q4. Does the rebranding have any impact on existing agreements and contracts?

A. No. All agreements/contracts concluded under the former company name of DPS will remain unchanged under the new name of DISK Global.

Q5. Will the order I placed before the rebrand still be fulfilled?

A. Yes. There will be no disruption to service as a result of our rebrand. You should receive any orders you have placed in the usual timeframe.

Q6. Have your payment details changed?

A. Our name has changed but payment details remain the same.

Q7. Does DISK Global have a website?

A. DISK Global's new website is **disk-global.com**

Q8. Does DISK Global have any social media platforms?

A. Yes. It's easy! go to **disk-global.com** and link via the website.
